Divingstar GMT Sold OUT??

Chris (cflye) already posted this question under a different thread, but I wanted to ask again. Is the Divingstar GMT sold out? It has been taken off of the collection mainpage on Doxa, and the Sharkhunter GMT is now in its place.....Does anyone know??

Best Regards,  
Jason

**Yes the first batch of the SUB750T GMT Divingstar is sold out**  
**(the above statement was edited to reflect that only the first batch was sold out. Several members had the impression that this model is completely sold out. Please refer to the original announcement of the SUB750T GMT, that explains, that 2 batches will be made. The second batch is coming in fall 2007)**

Re: Divingstar GMT Sold OUT??

I can't be absolutely certain, of course, but I believe I got the last one earlier this week. Whew!

Thanks for the info John. I wanted a Divingstar before, but now that they are sold out, I REALLY want one! Makes me remember back in high-school when my Ex-girlfriend started dating a new guy.....But that is another story 😄

It is terrible what these watches do to a person.....ISN'T THERE A CURE???

So then how many Divingstar GMTs?

Ok, since GMT were to be 1000 units. Is that 250 each color? Or 190 Divingstars, 210 Caribbeans, 300 Sharhunters, 250 Pros? Obviously, I am making these numbers up. But just curious since the Divingstar GMT is sold out.

If you do a search, this has been discussed on several occasions.....

I think they are as follows (99% sure)

GMT Pro 400 pcs

GMT Divingstar 200 pcs

GMT Sharkhunter 200 pcs

GMT Caribbean Queen 200 pcs

John Vargas said that based on demand, these numbers may change slightly.

Re: Divingstar GMT Sold OUT??

My Caribbean GMT arrived yesterday, and so I have it, the Pro GMT (my first Doxa bought in December), and the Sharkhunter GMT (arrived a few weeks ago), but had not pulled the trigger on the Divingstar to get a complete Doxa GMT set.

Oh well, there seems to be more Divingstar GMTs listed FS than other Doxas, maybe I'll pick one up second hand just to have the GMT set.

I'm still hoping that Doxa will change its mind and do a Searambler GMT!

Re: Divingstar GMT Sold OUT??

There was a good looking DS GMT for sale on Fleabay just last week with the plastic still on it. I think it went for about \$1200. Not a bad deal.....

Re: No box (tube) or papers.

My mother-in-Law just went on a cruise that stopped in Grand Cayman. I put her up to looking for Doxas. She said that they had a yellow-faced Doxa there.....?GMT. She picked up a flyer from the Retail Store. She is mailing it to me and as soon as I get it, I will scan it and post it.....

Hey John,

Thought the Swiss would like to know there is still a link on the Doxa Main-page that shows there are still DS GMT's in stock. It is under one of the pull down menus at the top of the page. Wish it were true 😞

Best Regards,  
Tegan
